PERSONAL SUMMARY

Front-end developer looking to utilize my skills in HTML, CSS and JavaScript to effectively maximize my prior experience in Environmental Sustainability. I have a proven ability to collaborate with stakeholders, effectively communicate with teammates and clients on technical subjects and successfully manage time on multiple projects.

EXPERIENCE

FRONT END DEVELOPER // Campbell-Ewald // Jun. 2017 – Present

- Develop responsive web designs utilizing JavaScript, Sass, Gulp and Craft CMS.
- Collaborate with UI/UX designers, creative, and account and in an Agile work environment.
- Design and implement conceptual and technical solutions.

ENVIRONMENTAL SPECIALIST // GZA // Jun. 2014 – Mar. 2017

- Participated in development of supplier sustainability program for tracking and sharing of best practices.
- Developed and implemented supplier training and outreach strategy to improve quality of responses to clients' CDP Supply Chain Program.
- Worked closely with clients to ensure compliance with greenhouse gas and air emissions regulatory programs.

EHS INTERN // MASCO Cabinetry // May. 2013 – Jun. 2014

- Developed business skills such as data analysis, effective communication, and time management while promoting wellness throughout the organization (working remotely 50% of the time).
- Collected and analyzed sustainability and safety metrics for KPI report to ensure all divisions were on track to meet corporate goals.

MARKETING INTERN // ESI Group // May. 2011 – May 2013

- Collaborated with marketing and sales teams of all stages of marketing campaigns to develop, expand and maintain marketing channels.
- Generated over \$300k in opportunities via phone, email and online marketing campaigns for training opportunities.
- Implemented process improvements, including to Salesforce.
